序

PREFACE

为浓厚学术氛围，建设高端校园文化品牌，发挥院士旗帜作用，2013年11月18日，名誉院长——浙江大学孙优贤院士、清华大学吴澄院士、中国工程物理研究院徐志磊院士、中国科学院沈阳自动化研究所王天然院士、中国航天科工二院李伯虎院士，及学校、诸暨市领导为“院士林”揭牌并植下第一批香榧树。现有7名院士参加建造。

“院士林”位于学院东园景观区，由学院和诸暨市人民政府共同建造，占地面积约2亩，由实体院士林和文化广场两部分组成。

“院士林”选用最具诸暨文化与自然代表性的市树——香榧树，现已种植18棵香榧树。将汇集细榧、雌雄同株香榧等8个以上的品种类型，成为香榧品种类型的汇集地。

The 18th of November, 2013 saw the coming of a group of academicians including the College Honorary President Sun Youxian of Zhejiang University, professor Wu Cheng of Qinghua University, professor Xu Zhilei of Chinese Academy of Engineering Physics, Professor Wang Tianran of Chinese Academy of Science Shenyang Institute of Automation, professor Li Bohu of Second Research Institute of the China Aerospace Science and Industry Group and the leading administrative officials of both the ZAFU and municipal government, who unveiled for the “Academicians Grovet” and planted the first group of Chinese torreyas under the college invitation to enhance the academic atmosphere so as to push the college development forward and cultivate more talents .

The “Academicians Grove”, which covers about 2 mus, was located in the eastern scenic garden of the college and built by the joint effort of the college and Zhuji municipal government. It consists two parts, standing Academicians Forest and cultural square respectively.

The torreya is a cultural and natural tree of Zhuji city and the Academicians Forest will be a collection of different kinds (at least 8 kinds as intended), it will be a come-out together place for all kinds of the tree as 18 planted at present.

清华大学——吴澄 院士
中国工程物理研究院——徐志磊 院士
中国科学院沈阳自动化研究所——王天然 院士
中国航天科工二院——李伯虎 院士
南京林业大学、浙江农林大学名誉校长——张齐生 院士
浙江工业大学——沈寅初 院士
浙江农林大学党委书记——宣勇
浙江农林大学副校长——鲍滨福
诸暨市委书记——钱三雄
诸暨市委副书记、市长——徐良平
诸暨市人大常委会主任——孟法明
香榧专家——戴文圣
浙江农林大学暨阳学院院长——石道金
浙江农林大学暨阳学院党委书记——寿韬
诸暨市委副书记——陈玲芳
诸暨市委常委、常务副市长——赵源恩
浙江农林大学暨阳学院副院长——张晓优
诸暨市林业局局长——俞仁兴
诸暨市赵家镇党委书记——杨学丽

Staff Engaged in the Building of Academicians Grove

Professor Sun Youxian. ZheJiang University
Professor Wu Cheng. Qinghua University
Professor Xu Zhilei. Chinese Academy of Engineering Physics
Professor Wang Tianran. Chinese Academy of Science Shenyang Institute of Automation
Professor Li Bohu. Second Research Institute of the China Aerospace Science and Industry Group
Xuan Yong. Party Leader of Committee of ZAFU
Bao Binfu. Vice President of ZAFU
Qian Sanxiong. Leader of Zhuji Municipal Party Committee
Xu Liangping. Vice Leader of Zhuji Municipal Party Committee and the Mayor
Meng Faming. Director of Zhuji People's Standing Committee
Dai Wensheng. Expert of Torreya
Shi Daojin. President of Jiyang College, ZAFU
Shou Tao. Leader of Party Committee of Jiyang College, ZAFU
Chen Lingfang. Vice Leader of Zhuji Municipal Party Committee
Zhao Yuan'en. Member of Zhuji People's Standing Committee, Vice Mayor
Zhang Xiaoyou. Vice President of Jiyang College, ZAFU
Yu Renxing. Director of Zhuji Forestry Bureau
Yang Xueli. Leader of Zhuji Zhaojia Town Party Committee

孙优贤

中国工程院院士，浙江大学教授，博士生导师。
 在现代控制工程领域取得重大研究成果。领导建立了我国第一个国家工程研究中心，创造性地解决了制浆、造纸、生物化工等大型生产线计算机控制系统软件总体设计中的重大关键技术。
 2013年5月29日，聘请担任浙江农林大学暨阳学院名誉院长。

Sun Youxian, academician of Chinese Academy of Engineering, professor of Zhejiang University, doctor supervisor.
 He had made great achievements in modern control engineering, led to set up the 1st national engineering research center and solved the key technology of computer controlling software in large production line in slurring, paper-making and biochemical engineering, ect.
 He was appointed as the college honorary president on 29th of May, 2013.

吴澄

中国工程院院士，清华大学教授，博士生导师。
国家CIMS工程技术研究中心主任，国家973项目“复杂生产
制造过程实时智能控制与优化理论方法”首席科学家。

Wu Cheng, academician of Chinese Academy of
Engineering, professor of Qinghua University, doctor
Supervisor, director of national CIMS engineering research
center, chief scientist of national 937 project.

张齐生

中国工程院院士，博士生导师。
2000年7月-2008年12月任浙江林学院（现更名为浙江农林大学）院长，现任浙江农林大学名誉校长。木材加工与人造板工艺学专家，先后开发成竹材胶合板、高强覆膜竹材胶合板、竹材碎料板、竹木复合集装箱底板、竹木复合层积材等系列产品；目前正在开展竹材和农作物秸秆经热解制取竹炭和秸秆炭；竹醋液和草醋液的生产技术和产品应用研究，为竹材和农作物秸秆开辟新的应用途径。

Zhang Qisheng, academician of Chinese Academy of Engineering, doctor supervisor. President of ZAFU (former ZJFU) during July, 2007 to Dec. 2008, the honorary president of ZAFU at present; expert in wood processing and man-made wood technology, developer of bamboo plywood, high bamboo plywood, bamboo particle board and other related products; at present, he is working at obtaining bamboo charcoal and crop-residue-derived carbon from pyrolyzing bamboo wood and crop residue to further the new application of productive technology.

院士林

沈寅初

中国工程院院士，教授级高级工程师。

先后任浙江工业大学校长、名誉校长，浙江工业大学全职院士。长期从事生物化工和生物农药研究，研究成功我国第一个用量最少、对环境最安全、对人畜无毒害的井冈霉素新农药，为我国生物农药产业的建立奠定了基础；研究成功微生物催化法生产丙烯酰胺，建立了我国第一套利用生物技术生产大宗化工原料的工业化装置。

Shen Yinchu, academician of Chinese Academy of Engineering, professor level senior engineer; served as the president of Zhejiang Industry University, the honorary president and full time academican for the university. His researches mainly concerned with biochemical and biopesticide and succeeded in making validamycin—a new pesticide, least doze, environmental and harmless for human and animal and lay a solid foundation for national farm chemical production.
